Re: Harassment Report – January 2026

Date: January 15, 2026

Dear Families and Community Stakeholders,

One of the most immediate differences between Columbus Humanities and almost every school in the area is that we have very high expectations for the behavior of our students. Because we are such a uniquely diverse group of students and staff, we take harassment very seriously in order to support a highly engaging and effective academic program.

Since June 2025 we have had 14 documented cases of harassment, and 13 documented cases of bullying. In each instance, the students have received counseling on the issue of harassment through our restorative justice practices and suspensions in alignment with school policies. All students have participated in ongoing counseling and individualized support to ensure their success within the school and the greater community.

I appreciate your support, and if you have any questions, please feel free to call us at the number below.

Kind Regards,

A handwritten signature in black ink, appearing to read "Brendan Kolman". The signature is fluid and cursive, with a long horizontal stroke at the end.

Brendan Kolman, M.Ed
Head of School, Columbus Humanities K-8
